

Oracle Health Cerner Consulting Services

"I found HealthNET to be extremely knowledgeable, efficient and on-point throughout our engagement."

— Barry Bloom, CEO, Jeff Davis Hospital

You need tangible returns on your Oracle Health investment. Our OH Cerner experts can help — at small hospitals implementing CommunityWorks, and at large health systems implementing Millennium in multiple facilities. We have the expertise to help you implement your system and succeed in optimization projects such as population health and clinically driven revenue cycle.

KNOWLEDGE & OBJECTIVITY

That's the HealthNET difference. Our consultants have decades of hands-on healthcare experience and best practice knowledge. So they can help you optimize your Oracle Health EHR while you implement. And our unwavering impartiality has earned our clients' trust and respect. In addition to robust Implementation Services, we offer:

- ◆ Workflow Process Analysis & Redesign
- ◆ Reporting Expertise (PowerInsight, DA2, CCL, etc.)
- ◆ Population Health
- ◆ Revenue Enhancement
- ◆ Medical Device Integration
- ◆ Interoperability (FHIR, APIs, legacy OPENLink™, etc.)

OUR IMPLEMENTATION SERVICES

HealthNET consultants have deep knowledge of Oracle Cerner modules, as well as experience in healthcare management, clinical care, revenue cycle, and IT. We offer:

- ◆ Seasoned OH Cerner experts
- ◆ Project management (including certified Project Management Professionals PMP®)
- ◆ Implementation, optimization, and upgrade assistance
- ◆ Testing, training, and cutover planning
- ◆ User adoption strategy
- ◆ Culture change management

HealthNET has developed its team with a single purpose in mind — to ensure our client relationships have a lasting impact on their organizations' success. Please email us at hello@healthnetconsulting.com or call the phone number below to learn more.
